

Dave Navecky

May 25, 2016

Do not allow Great Lakes Basin Railroad access to precious Illinois farmland.

We can never replace the damage this will cause. The farmland has far more value than Great Lakes Basin Railroad.

This is not for the greater good of the people.

Property owners as myself and my family should not be placed in jeopardy because of a crazy idiotic plan for others to make money.

We cannot walk into Walmart and buy more farmland.

Stand up for the backbone of America and deny ~~access~~ Great Lakes Basin railroad access to our farmland.

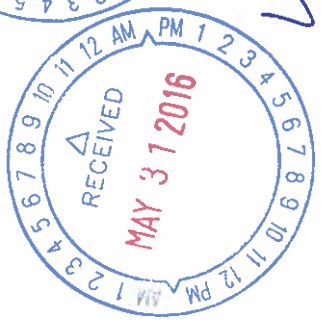

Have you visited these areas Dave? You should.

Thanks for your time,

Fatricia Pedersen
