To Whom It May Concern:

I'm writing this letter in support of our local churches and community. I reside at Bishop Jack Wisor's Just for Jesus Challenge Homeless Outreach Ministry.

I found out about the plans to put a trash train line in. The effects on this area will impact the local churches along with the local community, through loss of jobs, loss of housing for some individuals who are supported by the church, along with the training that they receive from Bishop Wisor.

The environment would also be effected both short term and long term. This proposed rail line would prevent access to our church and would prevent us from worshipping.

Please save this local community by not allowing this project to go through.

Thank you.
