I am writing this letter in regards to the CN railroad proposed acquisition. This would have a major impact on traffic going through Barrington or even around Barrington.

Barrington has always been a very cute little town to live in and shop in. The traffic now can be backed up when a train is going through at the busy times of the day. Having 4 times more trains run through the town I feel would result in significant traffic disruptions, delayed emergency response times and jeopardize the safety of our children going to and from school.

This will cause a lot of people to reconsider living, shopping and working in the area.

I work and shop in the Barrington area and am opposed to this transaction.

Very truly yours,
