The Honorable Anne K. Quinlan, Esq
Acting Secretary
Surface Transportation Board
395 E Street, SW
Washington, DC 20423

RE: CN Railway Company/EJ&E, STB Finance Docket No. 35087

Dear Secretary Quinlan:

I have been a resident of Franklin Park for 11 years and am writing in support of CN railway's proposal to purchase a portion of the EJ&E rail located to the west of Chicago. This would reduce the train congestion in Franklin Park, as CN would be able to put many of its freight trains on the less congested rails, rather than running them through congested tracks in this area.

At least twice a week, I get stuck in traffic caused by train congestion; the waits can last up to 20 minutes. Finding alternate routes when driving can be very difficult because trains come at any time and are often very slow.

The noises caused by the trains are also a problem, especially at night.

The congestion is a problem and should be resolved. I support CN's proposal and hope the Surface Transportation Board will give approval to it. Thank you.

Sincerely,

Francisco Correa
