Dear Mr. Navecky:

I would like to express my concerns over the proposed Great Lakes Basin Transportation, LLC rail line project. Docket # 35952. I oppose the project and ask the Surface Transportation Board to deny the proposal. My concerns are:

- (Eminent ^{Domain} For Private Use?) The inefficiencies of The Chicago Train Terminal should NOT be solved by creating a Problem in the Countryside BY taking our good rich Farm land in Grundy Co. Ill.
- * Who ends up in The end when This Railroad no longer be used who gets stuck with the Tapes & Clean-up? and LOSS of use of their farm ground? FOREVER -
 - * When unused Portions of The easement WHO is left with COST of herbicides To Keep Weeds Down?
 - * Closing of township Roads is a No No, impacting School route Buses - emergency Responders - Police - Fire - Ambulances & farmer with Big machinery to get to their fields (SAFETY)
 - * Permant destruction of The Best Soil in The World - & Loss of Value of our Rich Farm ground.
 - * Noise To Live with 110 Trains per Day - Speed To (~~110~~ 110 MPH)
 - * Hazardous Freight on Trains Derailment Killing our ground.
