Re: STB Docket No. AB-570 (Sub-No. 3X)
Palouse River and Coulee City Railroad,
Inc. – Abandonment Exemption – in Latah County, Idaho

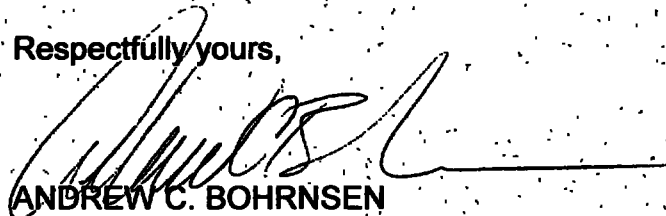

Dear Secretary:

By way of introduction, I am legal counsel to The McGregor Company, a privately held corporation doing business in the states of Washington, Idaho and Oregon.

Please find enclosed herein an original and ten copies of The McGregor Company's Motion to Dismiss the Palouse River and Coulee City Railroad, Inc.'s attempts to abandon certain portions of its line more specifically designated as Segment (1).

Should either your or any member of the Board have any questions or desire to schedule a hearing on this Motion, please advise. Thank you for your consideration of this Motion.

Respectfully yours,

ANDREW C. BOHRNSEN

Public Record

In re:

STB Docket No. AB-570 (Sub-No. 3X)
Palouse River and Coulee City Railroad,
Inc. – Abandonment Exemption – in
Latah County, Idaho.

MOTION TO DISMISS

COMES NOW The McGregor Company, by and through its attorney, Andrew C. Bohrsen, and moves the Surface Transportation Board to dismiss the Palouse River and Coulee City Railroad, Inc.'s Notice/Petition for an abandonment exemption in Latah County, Idaho. This Motion is based upon misrepresentations contained in the verified Notice of Exemption filed by the Palouse River and Coulee City Railroad, Inc., the attached affidavit of Andrew C. Bohrsen, and all facts and matters of record.

DATED this 13 day of August, 2009.

LAW OFFICE OF ANDREW C. BOHRSEN,
P.S.

By: 

ANDREW C. BOHRSEN

To Whom It May Concern:

Letter of Understanding

In regards to the History Activity Report showing loaded cars placed at Track 553 at station PUL. Our system does not have a station WIL, but for billing, history etc. purposes the cars on this report were indeed placed at Wilson Siding for McGregor Company. Any questions should be addressed to Les Hancock ,Office Manager WIR.

Sincerely,

Karl Nelson
General Manager
WIR

SURFACE TRANSPORTATION BOARD

STB Docket No. AB-570 (Sub-No. 3X)

**Palouse River and Coulee City Railroad, Inc. – Abandonment Exemption
County, Idaho**

OBJECTION TO NOTICE OF EXEMPTION

A. Introduction

On August 11, 2009, the Palouse River and Coulee City Railroad, Inc. (PRCC), filed a verified notice of exemption under 49 CFR 1152 Subpart F, seeking to abandon three segments of a rail line. The first segment was identified as (1) milepost 84.0, at the Washington-Idaho State line, and milepost 85.91 in Moscow, Idaho. The McGregor Company formally objects and asks the Surface Transportation Board to void the sought action on the grounds that the PRCC has intentionally misrepresented the status of the line as shall be specifically set forth below, thereby not being in compliance with the statutory requirements authorizing Exempt Exemption.

B. Basis for Objection: Factual Misrepresentation of the PRCC

1. On page 1, paragraph 2, the PRCC certified to this Board that (1) “no local traffic has moved over the line for at least 2 years.” The PRCC is well aware of the fact that the first segment of this line, as identified in its notice, provides ongoing service to The McGregor Company’s warehouse facility commonly known as Wilson’s Siding. For the past seven years, this track has delivered approximately 243 cars of fertilizer annually to Wilson Siding.

The McGregor Company finds this misrepresentation even more egregious in light of the fact that it and WATCO have been negotiating a purchase of the line by The McGregor Company for approximately two years. As recent as March 5, 2009, The McGregor Company was notified that its offer to purchase the subject line for a price of \$35,000 had been accepted. The railroad’s acceptance was communicated by WATCO’s real estate agent, Ms. Shelly L. Bennett, whose email cover letter stated: “I spoke with Mark Blazer (Senior VP of WATCO) and the company has agreed to your offer of 35,000 for the track and the land from the WA state line to Perimeter Drive. I will draft a contract and email it to you. Please let me know if you have any questions. I will draft a note for the earnest money which will not be due until the RR completes abandonment.” The railroad has now communicated that it did not intend to sign the final documents and honor its verbal acceptance.

In addition, the PRCC made this misrepresentation with full knowledge that the fertilizer delivered by rail to the McGregor facility was transported to outlet facilities in

nine cities, serving not less than 250 growers, enhancing their production of crops on more than 200,000 acres of farm ground.

2. Secondly, on page 1, paragraph 2, the PRCC certifies (2) "any overhead traffic on the line can be rerouted over other lines." Again, this is a total misrepresentation. As the PRCC is well aware, the only line in existence which allows service to Wilson Siding is segment one. Trains servicing Wilson Siding must enter Idaho on segment one, switch, and then back the cars to the McGregor facility. There are no other railroad lines within the area which could be used for rerouting.

3. Adverse Environmental Effect. The PRCC filed its Environmental Report pursuant to 49 CFR 1105.7 in which it represents that this abandonment will not have any adverse environmental effects and implies that the abandonment will, in fact, be beneficial to the environment. This representation in no small part is premised on the false representation that the line has been out of use for the past two years. What the PRCC did not address is the unavoidable and adverse impact on the environment by forcing The McGregor Company to utilize alternative methods of transportation to deliver dry fertilizer to its warehouse facility at Wilson Siding. If this line is taken out of service, The McGregor Company will be forced to use large semi tractor-trailers for the transportation of dry fertilizer to its warehouse facility at Wilson Siding. The sources of product are in Alberta, Canada, southern Idaho, and Wyoming. To transport the same amount of product by truck will require 972 trips from these destinations. It is inconceivable that the addition of the traffic to the highways from these distant destinations will not have an adverse impact on the environment, including carbon emissions, wear and tear on the highway surfaces, and safety due to the exponential increase in risk for traffic accidents.

C. RELIEF SOUGHT

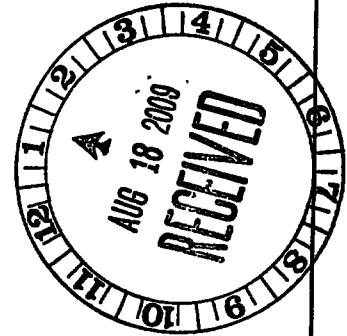

The McGregor Company respectfully requests that the Surface Transportation Board declare the PRCC's notice to be null and void on the grounds that it does not qualify under the terms and provisions of 49 CFR 1152, subpart F, for those reasons set forth above arising out of false certification as to existing use and availability of alternative routing. In the alternative, The McGregor Company requests a full hearing before the Board to address whether the PRCC qualifies for an Exempt Abandonment.

Respectfully submitted:

ALEX MCGREGOR, President
The McGregor Company

ENTERED
Office of Proceedings
AUG 18 2009
Part of
Public Record

15 **ANDREW C. BOHRNSEN**, being first duly sworn upon oath, deposes and says:

- 16 1. That I am over the age of 21 and all facts set forth herein are true and accurate.
17 2. That I am legal counsel to The McGregor Company. The McGregor Company
18 is a Washington corporation with its principal place of business located in Colfax, WA.
19 It is licensed and carries out business in the states of Washington, Oregon, and Idaho.
20 3. That I am licensed to practice law in the state of Washington and Idaho,
21 the United States Federal District Court for the Eastern District of the State of Washington,
22 the United States Federal District Court for the Western District of the State of Washington,
23 the United States Court of Appeals for the Ninth Circuit, and the United States Supreme
24 Court.
25 4. That The McGregor Company owns, maintains, and operates a fertilizer
26 warehouse facility at a location in close proximity to the Washington-Idaho border at a
27 site commonly designated as Wilson Siding.
28

AFFIDAVIT OF ANDREW C. BOHRNSEN: 1

Law Office of Andrew C. Bohrsen, P.S.
9 South Washington, Suite 300
Spokane, Washington 99201
(509) 838-2688 • Fax (509) 838-2698

1 5. That Wilson Siding is a distribution warehouse for dry fertilizer which is
2 received by The McGregor Company from locations in Wyoming, southern Idaho, and
3 Alberta, Canada.

4 6. The dry fertilizer is delivered to Wilson Siding over the rails designated
5 by the Palouse River and Coulee City Railroad, Inc., as Segment (1), milepost 84.0, at
6 the Washington-Idaho state line, and milepost 85.91 in Moscow, Idaho. The actual portion
7 of Segment (1) utilized for the purpose of delivering rail cars to Wilson Siding is the first
8 .7 miles of track commencing at the Washington-Idaho border and traveling east from
9 that point.

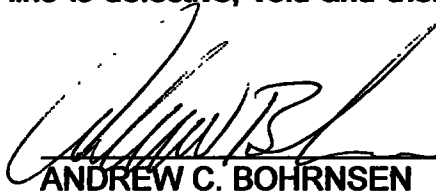

10 7. That the cars are delivered to The McGregor Company by the Washington &
11 Idaho Railway, Inc., who use the subject rail track owned by the Palouse River and Coulee
12 City Railroad, Inc.

13 8. On page 1 of the Palouse River and Coulee City Railroad, Inc. –
14 Abandonment Exemption – in Latah County, Idaho, the PRCC certified to this Board that
15 "(1) no local traffic has moved over the line for at least two years;" This certified
16 representation is totally false.

17 9. That attached hereto is a letter authored by Karl Nelson, General Manger
18 for the Washington & Idaho Railway, Inc., in conjunction with invoices verifying deliveries
19 to Wilson Siding for The McGregor Company in the years 2007 through 2009. This Board
20 should also be aware of the fact that deliveries have been made over this line to Wilson
21 Siding for the past seven years.

22 10. That as a result of this factual misrepresentation, the PRCC no longer qualifies
23 for exempt abandonment as it relates to Segment (1) to the extent delineated above,
24 pursuant to the terms and provisions of 49 CFR 1152 Subpart F.

25 11. For these reasons, The McGregor Company most respectfully submits that
26 the PRCC's attempt to abandon this line is defective, void and therefore should be
27 dismissed.
28
