MS. LINDBERG: I live in Aurora,
eastern Aurora, and I have a grade
crossing at Liberty. It is ridiculous
because we can't -- it is three
stoplights to get to New York and get
around and the traffic is very, very
heavy.

we don't have fire department
on our side of the tracks; we don't have
medical, we have to go across the tracks.

11 I have a roommate who is extremely ill,
12 and what you're going to do is endanger
13 her life, and that bothers me.

14 CN has a lousy, a lousy safety
15 record, and we don't need the pollution; we
16 don't need the other problems. For them,
17 the STB has had a habit of across the board
18 approving these things and not considering
19 the residents.

20 I don't want it there. I don't
21 think anybody in the area really wants it
22 there. I ask them to deny it.
