Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 08/27/08

Comments must be submitted by September 30, 2008.

CN will destroy Barrington. It will adversely affect ground water safety. The only source of water for many communities, will increase noise pollution, create commuter gridlock. Elevating pollution from gas. Business will die - no one will willingly drive into town for shopping. The possibility of spillage of hazardous waste in a train derailment is very likely given the poor record of CN safety & upkeep of their rails & cars. Why is a huge, ^{potentially} foreign company being invited to destroy our community & environment, expects us to pay taxes for their benefit - in exchange for what? Nothing zip for the communities they are proposing to destroy. Please, please do not go ahead with this plan.

YOUR INPUT IS IMPORTANT!
