Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

Hello,
I am ~~an 16 year old~~ 16 years old and I go to Barrington High School and I think that ~~there are~~ having more freight trains coming in and out of Barrington is unnecessary. A popular hangout for high schoolers is Dog Tracks which is very close to the train tracks and it would be very unsafe for ~~freight trains~~ trains to be frequently crossing there. ~~We~~ In the '07-'08 school year last year we had 2 teenage deaths involving trains, and with more and more trains coming this could be a very serious issue. And if there is even a situation where someone needs an ambulance ~~and it takes~~ it could take twice as long for the ambulance to reach their destination, which could result in something serious. ~~Also~~ Also on my way to school, I have to always leave extra early to make sure I get to class on time ~~because of~~ because of traffic. ~~And with~~ and with more freight trains I would have to leave twice as early as I normally do. All of these reasons are very big, ~~and~~ important, and serious issues, and ~~this~~ this idea of more freight trains is clearly not liked by the Barrington community, and it will be stopped. People before freight!

YOUR INPUT IS IMPORTANT!
