Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

I am planning on having a family in the Barrington community. The safety, and amount of time for medical care, will effect my life if this proposal happens. I object to this whole ordeal. If you are going to have this happen at least think about the people that live in the area. There should be some form of bridge that is able to be accessed in an emergency response in order to reach the hospital. My property value will decrease and not to mention the noise pollution since I live about 2 blocks from the Barrington train station. I want my house sound proofed if this is going to happen. !!!
