Environmental Impact Statement

I live very close to Railroad tracks - I cross two sets of tracks ~~two~~ twice each day. I also pass droves of high school students who walk + drive to school every day. Honestly, I can't imagine traffic any worse than it already is in Barrington. But what scares me the most is the fact that if my husband or I had a medical emergency, we would be trapped if a train was going by. I live on a street with lots of small children - I worry for them, too. My home value would go down, no doubt, as well if the CN deal goes through. Please think about the lives this deal would impact - think about the quality of life that would be affected. I strongly oppose the CN acquisition.
