Transcript:

I'm calling to leave my concern about the acquisition of this railroad because of the safety of our children. Living in Shorewood, our kids also go to Monuka and for years and years these railroads that you're wanting to purchase are unmarked and they are very unsafe, even for the regular driver. I just fear that with 42+ trains going through there on a daily basis, it's not going to take long before there's a disaster. I wish that they would consider this and you know, putting their own children on those school buses, how they would feel if their kids were impacted by 42 trains a day. Thank you
