I understand there will be a review of the CN acquisition of EJ&E. This CANNOT happen. This will affect many communities-- but I will only speak on Plainfield. Currently -- we have approx 16 trains per day that cross our community-- and these tracks go over most of the heavy traffic roads-- and are very close to many schools where kids are bussed or Walk to schools. If CN purchases this -- the trains will go up to 42 trains per day-- and some of these trains I understand could be a mile long. The roads will not be safe for kids to be walking to school-- there is enough tragedy of kids walking on tracks that lose their lives-- so lets think about that. In addition-- buses will be late to school-- workers cannot get to their jobs on time-- AMBULANCES cannot get to the hospitals on time--- why-- so someone can make a buck-- please deny this purchase--- Peoples lives in communities, kids, schools are more important.
