Rail route going through rural areas adds a significant burden on RURAL, VOLUNTEER & PAID ON CALL FIRE DEPARTMENTS, who are ill-equipped to handle chemical spills & freight derailments.

These RURAL FIRE DEPARTMENTS w/ need financial backing to increase training, equipment appropriate to handle such incidences from Rail-cars & cargo.

NOTE: When an individual chooses to submit an Environmental Comment or some Other Submissions, his or her personal contact information is considered public information and is shared within and outside of STB without additional authorization.
