

Environmental Impact Statement

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

7
Date: 8/27/08

The ~~STB~~ STB should not approve this acquisition.

This would be a devastating event with a broad impact on my community. As a member of the District 220 School Board, I can assure you that the additional ~~traffic~~ rail traffic would gridlock our community. This gridlock provides difficulties and safety issues for the District's school busses, as well as police & fire fighters.

This petition, if approved will be an unfair change in lifestyle and safety for a community that already has severe traffic problem.
