Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8-27-08

Comments must be submitted by September 30, 2008.

Allowing 20+ 2 mile long trains a day over the EJ&E tracks will bring the Barrington area to a standstill. Traffic is already very heavy during parts of the day and adding freight trains to the mix will make it impossible to move through Barrington.
