Please fill out the following information to help us complete your filing:

Docket #: -35087 - -

Subject: * Purchase of EJ &J
First Name: * Linda
Middle Name:
Last Name: * Hoffman
Address: * 22017 Oakton Avenue

City: * Frankfort
State: * IL
Zip Code: * 60423-
Email Address: * bleehoff@comcast.net
Group/Affiliation: Heritage Knolls Homeowners

Message: I am asking that you deny the purchase of the EJ&J rail by the CN. Many NEW homes back up to the tracks. Homes that people have work hard to purchase, only to be devalued further by this purchase. Frankfort and the surrounding communities do not have the roads to help traffic get around a train. Especialy emergency equipment. The majority of new growth in Will county is south of the tracks. There is only 1 fire station, and no hospitals or emergency clinics south of the tracks. For example is Wolf Road is blocked the only way across the tracks is travel back 1 mile north to Route 30, then about 2 to 3 miles east on Route 30, then about 2 miles south on LaGrange road. Lagrange is the only underpass between Matteson and Joliet. I would hope it wouldn't be your loved one that would need to get across these tracks with no way to go. They expected amount of trains is unacceptable, and mostly I am irritated by the fact that this is foreign country again trying part of this country. When will it end. Please make it end with you. Think of the communities and the American people for a change instead of how much money is to be made. Quality of life is always more important than money. I hope you deny this purchase say so no foreign countries walking all over us.
