^{JUNE 15}
The proposed rail-tract means potential train accidents, delays to home owners and police, ambulance, & fire-engines in their emergencies. It will disturb prime farmland & land patterns. It will hurt OR ruin our lakes, rivers, streams, farm drainage, ponds, wet lands and flood plains. This will result in our wildlife, sanctuaries, wooded areas and grasslands. Due to the soil in this part of In. the air quality while building will affect ~~any~~ asthmatics, people oxygen and ventilators. This is not a needed rail road-tract it is just a way for the investors to add to their wealth at our expense, and destruction of our quality of life!

NOTE: When an individual chooses to submit an Environmental Comment or some Other Submissions, his or her personal contact information is considered public information and is shared within and outside of STB without additional authorization.
