Dear Mr. Nauecky,

I am appalled that there is any consideration given to the idea of a rail going through to Kars Park.

It would destroy the beautiful Indian River Lagoon, Mosquito Lagoon, Banana River Lagoon. The Indian River Lagoon system is considered the most diverse estuarine ecosystem in North America, with over 4,000 species of plants and animals.

Please don't let the Canaveral Port Authority do this, it has to be blocked.

Sincerely

ED COOK
