STB Finance Docket No. 35087

Date: 8-27-08

Comments must be submitted by September 30, 2008.

This train is important for moving freight however, the wait time at stops will increase gas expense, businesses losing business (appts.) and in general needs more input for under + overpass protection for the people living here and having their lives run by freight schedules. These will affect lives and livelihoods.

YOUR INPUT IS IMPORTANT!
