Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/25/08

Comments must be submitted by September 30, 2008.

- I believe, after study, that this transaction should be approved with the following conditions

- a decision on the transportation merits of the transaction should be completed by December 30, 2008 in fairness to the CN

- a final decision (with environmental conditions) could come later, but CN must agree to "live with it" for approval

- Train operations should be "phased in" gradually over a 5-year period (not 3yr) only after improvements are made

- Roads needed by ambulances & police should be fully separated if possible

- Is it possible to bridge the UP at West Chicago?

YOUR INPUT IS IMPORTANT!
