Transcript:

I'm calling in opposition to CN's acquisition of the EJ&E Rail Line. I'm a Barrington resident and there's no way that I can get to work in the morning without crossing across that track and increased train freight trains are going to absolutely wreck our lives and make it difficult to get to work, take out kids to school in the morning, and most importantly for emergency care, uh ambulances and so forth that, that need to cross those, those rail lines. It's going to be absolute murder in the morning with trains running through there, um me commuting on the Metra train to get downtown. I have to cross across one of those train things, so the only way that I see this working is if um CN builds uh rail passes um to remediate the situation. If you have any questions, you can contact us at 847-842-1499. Thank you
