I Can't Accept this entire C.N. RR.
"Bureaucratic Insanity" can possibly
become A Reality too from #6 trains
to #28 per day, longer trains, and
600 percent more hazardous
Material!

Not only are we expected
to Accept this "New Curse", but I
Understand C.N. would only be
obligated to pay a very small
percentage (5 to 10%) of the

Cost of Necessary Over/Underpayers, the
Majority of this Expense would be
the obligation of the U.S. Taxpayer (me!)
Was a Non-U.S Company (CANADIAN)
who last year reported a *2 Billion
Dollar Profit!

Is This Still the U.S.?
