Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: Aug 27, 2008

Lake Zurich, IL, where I live, will be harmed ~~by~~ if CN takes over the E₅ & E line. There will be more trains, and longer trains.

AN evidently wants the local communities to pay much or most of the costs to improve the roadways where they cross the railroad. That's nuts! ~~The~~ The railroad company will be making money from this, they should pay for the needed improvements.

Please ~~do~~ require CN to pay these costs, and please require them to make enough improvements to crossings that the traffic in our town is not badly slowed down.
