 Message:

I'm writing to request that the Canadian National Railway not be allowed to divert their trains to the Elgin/Joliet/Eastern Railroad. These tracks are not set up to have such heavy railway traffic, with many schools and homes nearby, as well as busy roads that can not handle the extra train traffic. The traffic would be a nightmare for our family, who travels over those tracks several times each day to get my children to school, go to church, and visit businesses. Unless there was some sort of a bridge built over Wolf's Crossing or Ogden/34, this would cause horrible traffic nightmares to have more frequent trains. As it is with 4 trains/day, it already is inconvenient on many occasions. Please do not allow the Canadian National Railway to use these tracks and increase the train traffic on them.
