RE: AB-290 (Sub-No. 404X) Norfolk Southern Railway Company Abandonment -in Greensboro, NC

To whom it may concern,

This project, if the limits of disturbance, including the haul roads, access areas, and staging areas is an acre or more, is subject to an erosion control plan review. [G.S. 113A-57]. At one time, railroad companies were specifically exempt from our Sediment Act, but that exemption expired March 1, 2016 pursuant to G.S. 150B-21.3A.

If this project is privately funded, it would be reviewed by the Guilford County, NC Local Program. If it is publicly funded, it would come through us.

Please contact Mrs. Tamera Eplin for further inquiry or to submit an erosion and sediment control plan. Mrs. Eplin can be contacted at:

Tamera Eplin, PE, CPESC
