

To: Surface Transportation Board
Re Docket # 35087

Please oppose the acquisition of EJE RR.
by CN RR.

Our lives as we know them will be forever changed in Barrington on many levels. Our safety would be jeopardized by traffic caused by trains blocking our main streets and thoroughfares. I have sent 5 children to Barrington High School. 3 of the 5 got traffic tickets rushing to be "on time". Imagine the consequences if they were trying to beat the train 600 yards from the door to BHS.

We spend too much time in traffic presently. ^{money} Trains would only make life worse for local merchants and the citizens of Barrington.

Thank you for your consideration.
