Address	764 Highland Ave				
Address 2					
City	Barrington	State	IL	Zip	60010

Transcript:

My comment in regard to the acquisition of the railway, my comment is that it is absolutely crazy to consider a purchase by a private company, on top of it a foreign company, to purchase a railway that is going to have such an enormous impact on the lives, environment, social environment, etc. of the taxpayers of this country and of this state and communities to even consider that a foreign company can purchase a piece of real estate rail infrastructure and have such an impact on our citizens. It's absolutely crazy and ludicrous to consider that this sale should go through. I strongly urge that anyone that does have power to stop it should absolutely do so.
