As a mother of four young children I worry about the impact of 17 or more additional trains per day.

- How this would impact my family directly:

- I would most likely have to leave earlier to take my son to preschool. Same goes for my husband even though his commute is usually 10 minutes or less.

- Additional excess noise from train whistles can be disruptive towards our sleeping at night.

- Worry about impact on my property taxes and value of my home in an already volatile housing market.

- Threat of additional chances for train/vehicle collisions.

- Neighborhood air pollution increase.

- Back up of traffic and possible need for additional traffic signals, meaning even more delays.

What scoping meeting did you attend? (Please circle): Mundelein, Barrington, Joliet, Matteson, Gary, West Chicago, Chicago.
