Re: STB Finance Docket No. 35087

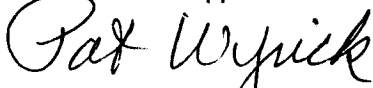

Dear Ms. Johnson-Ball:

As a resident of Frankfort, a community that will be very negatively impacted with the increased number of trains being proposed with the purchase of the EJ&E railroad by the CN railroad, I would like to express my outrage at this even being considered!!! I understand that the number of daily trains may exceed 30 in the future and that these trains may extend 3 miles in length causing over 20 minute crossing delays. As well, hazardous cargo will be transported through residential neighborhoods w/very close proximity to many schools and this is unacceptable.

I strongly believe that the proposed CN railroad purchase of EJ&E will have a drastically negative impact on emergency response times in Frankfort and New Lenox where I and my children & grandchildren live.

Please take our community issues into consideration when you make your recommendation and vote
"NO"
to the CN!

With sincere appreciation for your negative vote,
