Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8-27-08

Comments must be submitted by September 30, 2008.

The congestion that will be caused with the addition of 15-24 trains daily will make it virtually impossible to drive through downtown Barrington within 20-30 minutes. The congestion starts at approx. 2:30 P.M - 5:00 P.M. now. There are three main roads and two railroad tracks through town now. This has to be understood to be as much as a small town can withstand. We will NOT be "dumped on!"
