Anne Quinlan,

I am writing in regard to case # 35087 involving the sale of FIVE to CAR.

I am very concerned about traffic problems in our extremely congested area, with over 100 at grade crossings, this increase in rail traffic with no funding for elevated crossing improvements is going to have an extremely negative effect on our community.

Please extend the comment period 30 to 120 days to allow everyone to be heard & be advised we are against this sale.

Respectfully,
Richard L. Eggen, Herald
