How will CN's proposed acquisition of the EJ&E impact you?

I live in Braemar, my house is
2 houses away from the train tracks.
I am worried about, train derailments,
noise & pollution. Also our subdivision
is on the corner of Elm & Cuba Rds.
I am concerned about the traffic
and the delays for all our school
buses. I am concerned about
safety for all of our children
with the increased traffic. I can
barely get out of ~~my~~ my
subdivision now when exiting on
Elm or Cuba roads. The traffic
is already horrible, please
don't let this happen!
