Environmental Impact Statement

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

Date:

8/27/08

Comments must be submitted by September 30, 2008.

The increase of rail cars through Barrington will surely affect all of us in our community. This will not be a safe area with increase delays first & foremost for medical emergencies. Long delays will create problems for school children, rush hours and of course business owners. The rails will devastate our community. Please reconsider your purchase.
