Transcript:

I am requesting that there be a Naperville-Plainfield meeting, a public hearing to hear more about the draft EIS and be able to make formal comments as to how it will affect the neighborhoods in Naperville and um with regard to my comments, the noise studies completed shows that our area is to be above acceptable noise levels and the draft EIS simply suggests that we work out something with CN. No funding mechanism is stated in the draft EIS, through CN, Federal, or state, city and there's no quiet designation and this is unacceptable. Thank you so much. Bye bye
