Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

family of five, two working parents (one commuting to downtown Chicago and one commuting between Schaumburg and Hupertzville on a daily basis) and two out of three kids in Barrington CUSD 220 schools. The proposed increase in rail traffic will change our lives in simply getting to our destinations by 8am and getting home by 7pm without even thinking of times we may need to go in and out of Barrington during the day.

The effect this proposal will have on emergency medical personnel will be taking lives, burning down houses and leaving many disabled because of the rail traffic. Please tell me - How these important freight shipments are more valuable than lives!

YOUR INPUT IS IMPORTANT!
