

(Farming is what feeds our Country
Don't Ruin our farming area with Rail Roads) April 3- 2016

Dave Narecky

OEA's Project Manager for EIS

Surface Transportation Board

Docket NO. FD 35952

395 E. Street SW

Washington, DC. 20423-0001

Concern: "Public involvement" in the Great Lakes
Basin Rail line EIS.

My environmental concerns would be Railroad and
Trains running thru our farms in Brundy County Illinois

- ① With Hazardous Materials — Derailment —
& Poisoning our rich farm soil.
- ② Tearing up our Drainage Systems and our
expensive drain Tile Causing the STOPPAGE of our
water flow & Possible flooding our farmer's
- ③ Loss of our good rich Top Soils we have in this area.
- ④ Railroads running thru the middle of our farms would decrease
& ruin the Value of our farms Big Time.

Personal Concerns / SPECIFIC AREA

S. E Brundy County Illinois. and

W. Kankakee County Illinois

of which Area I Live and own 3 farms in this area,
which is family farmed for 3 generations.

I don't DO E mail - Computers or Face Book

→ I would appreciate in writing to my Personal mailing
address, ^{Below} some direct more specific direct info (maps) etc

They tell me my farms are in mile Marker #94 ?
and direct in this area of where you might go thru
my farm locations with your railroads.

Location
of
my farm

SE Brundy County Ill / Greenfield Twp Sec 25 & 26 - (160A)

SE Brundy Co - Ill - Garfield Twp - Sec 28 - (40A)

W. Kankakee Co - Ill - Essex Twp - section 30 - (40A)

Self addressed envelope enclosed for your return answer
and map
your Truly

Thank you!
