815-469-3613. I live in the Presswick Division of Frankfort, which is a rather unique community and it is just north of the tracks. The problem that we are going to experience is that we will not be able to get in out of Aberdeen Road in that is only one exit or entrance which is on Harlem Avenue, which is about maybe 150 feet south of - north of the railroad tracks. Some of the homes along this road are within 200 feet of the railroad tracks. You will, by having this excessive travel on this train you will literally destroy this community. It is a rather unique community. Uh this should be taken in consideration. Also, there is the health involved that people that will not be able to get out of the properties and also not be able to get into it. Thank you very much for listening to the comment. Bye now.
