The Honorable Anne K. Quinlan, Esq.
Acting Secretary
Surface Transportation Board
395 E Street, SW
Washington, DC 20423

Subject: *CN Railway Company/EJ&E*, STB Finance Docket No. 35087

Dear Secretary Quinlan:

I have been living in Alsip for 13 years, and I can hear the freight trains running by everyday. CN Railway's proposed purchase of part of the EJ&E track west of Chicago would allow much of this congested freight traffic to be redirected onto a railway on the far outskirts of the area. This idea really deserves your support.

I have to take an alternate and more circuitous route in order to avoid the delays caused by freight traffic, particularly on 127th Street. If CN's plan is implemented, the delays caused to commuters on both public and private transportation would be significantly reduced.

I hope that you will give the proposed purchase your full support.

Sincerely,

Neil Moore
