CN | EJ&E

Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

My family and I are firmly opposed to CN's acquisition of EJ&E. Given the dramatic increase in rail traffic that will occur on the EJ&E tracks, the acquisition will destroy the Barrington community. It will not only cause substantial delays on our roadway system, but it will put lives at risk. Barrington has two rail lines that run through the heart of the community. Many people must cross those tracks several times a day, including students and the buses that transport those students. In addition, ambulances are on one side of the tracks, while the hospital, Good Shepherd, is on the other side. Lives will certainly be lost. There are other considerations as well. A decision to impose one community's burden onto another should be subject to a high burden and level of scrutiny. Please do not allow this acquisition to take place!

YOUR INPUT IS IMPORTANT!
