CNN railroad purchase

I am against the purchase of CNN railroad purchase it would impact my quality of life greatly. 40 trains a day

1

is too much, what about ambulances that are trying to transport heart attack victims to the emergency room stuck at these crossings, traffic jams just trying to get to work. I live very close to the current tracks and it would lower my property value at lot, something that I have worked for all my life. STOP THE PURCHASE DAN LIPINSKI, WE KNOW WHO IS BACKING YOU, FOR ONCE THINK OF THE PEOPLE IN THE WESTERN SUBURBS
