1 MS. JOYNER: Susan Joyner,
2 J-o-y-n-e-r. 1402 Terrywood Lane, New Lenox.

3 My concern is that the STB has to
4 make sure that the people who already live along
5 the railroad tracks are taken care of and thought
6 of for noise pollution and the ability to get
7 over the railroad tracks when there's a train on
8 the tracks because of schools in the area and the
9 fact of getting to emergency facilities and also
10 just normal every day I need to go shopping and
11 all my shops are on the other side of the tracks.

12 But I understand the economics of
13 putting the train through. And I don't want to
14 stop economic growth, but I think we -- the
15 communities really need to band together and make
16 sure that the railroad is required to make it
17 livable and not lose all our housing -- price of
18 our houses go down and the neighborhoods might
19 deteriorate because of the extra trains coming
20 through. That's it.
