

April 6, 2016

Dear Mr. Navecky,

I oppose the Great Lakes Basin
Transportation LLC. rail line project docket # 35952.

I ask that the Surface Transportation
Board deny the proposal.

Some of my concerns include loss of
productive farm ground. As a fire dept
trustee having a 2nd highly used train crossing
in the path to our closest hospital will extend
our emergency response time greatly. Also
locally we have a 1000 prisoner prison within
yards of the proposed tracks. How will we
move these men if there is a toxic spill or
derailment?

This project will effect the lives
24 hours a day of many people in our small
rural ~~communities~~ communities. Wildlife will be
adversely effected. Livestock will be less
productive because of the noise.

Please deny this proposal request and
save our lifestyles and communities.

Thank you
