CSX Quarterly Intermodal Truck Survey Report

Dear Secretary Williams:

Further to the requirement in Ordering Paragraph No. 22 at page 177 of Decision No. 89 in the above proceeding, CSX Corporation and CSX Transportation, Inc. ("CSX") hereby submit the attached quarterly report reflecting the origins, destinations and cross-Hudson River routings for truck traffic at those intermodal terminals in Northern New Jersey and Massachusetts that were allocated to CSX by virtue of the Conrail transaction or operated by CSX prior to that transaction (Little Ferry, NJ; North Bergen, NJ; Kearny, NJ; Boston, MA; Springfield, MA; and Worcester, MA). This report covers the three month period between September 1, 2001 and November 30, 2001. Traffic was surveyed for six non-consecutive days during those three months, with two of the survey dates falling during each of the three surveyed months.

Please note that with respect to the attached New Jersey report, the data reflects the ultimate origin or destination of the surveyed traffic utilizing the George Washington Bridge. The report also shows the volume of surveyed traffic using other Hudson River crossings and the much larger volume of traffic handled at the New Jersey intermodal terminals that does not cross the Hudson River (see "west of Hudson" figure). Please further note that the Massachusetts
