The very large turn-out at the Barrington scoping meeting should attest to the strong concerns of the people of this suburb. Our local hospital, the police, & fire departments, school representatives, merchants, commuters and homeowners all voiced their justifiable fears and oppositions. The very safety of our community is at stake! Increased freight traffic would cripple this village and surrounding areas. As it is, for a relatively small town, we have incredible rush hour gridlock on the main thoroughfares, all of which intersect the current EJE RR numerous times - just in our town! Please review this proposal very meticulously. Consider what's at stake, in many cases (accident + health response, eg.) the lives of victims!

Thank you.
