Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

① The EJ+E is a business who has found itself in financial distress. It has provided no value to the citizens of the North west communities. With this acquisition the CNW will need to regain revenue to pay for their acquisition. The only ones that gain will be CNW. The ones that will lose are thousands of suburban home owners renters small businesses and 'school' children.

Issues

① Safety

② Pollution

③ Grid lock of traffic

④ School delays

⑤ Loss of property values

⑥ Closure of small businesses with lack of customers who can't access their establishment

⑦ Thus loss of tax base

for small businesses closing property values shrinking all for a Canadian company to pay their debt.
