Docket #: - -

Subject: * Elgin, Joliet & Eastern Railroad
First Name: * Diana
Middle Name:
Last Name: * Halley
Address: * 11649 Rushmore Drive

City: * Plainfield
State: * IL
Zip Code: * 60585-
Email Address: * djhalley@comcast.net
Group/Affiliation:

Message: My daughter attends Danielle-Joy Peterson Elementary School very near the Elgin, Joliet & Eastern Railroad. My husband and I are concerned that the increased use of this railroad would pose a safety concern for the elementary students as they are walking or otherwise transported to school. The increased noise level will be disruptive to students and teachers causing decreased classroom concentration. The increased use of this railroad could also cause delays in emergency response time as well as traffic delays. Finally, with the proposed increase in railroad traffic, these young children would be exposed to increased air pollution from the passing trains. We urge you to reconsider this proposal to keep our young children both safe and healthy. Thank you for your consideration.
