Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8.27.08

Comments must be submitted by September 30, 2008.

I am concerned regarding safety
issues for emergency vehicles, school
buses, children crossing the tracks
on top of wall of rock.

I am concerned about the
location of road. There will be
on the side of the road just within close
proximity to the tracks. Everyone will
be affected.

5% - 10% of the CN in money
for the road in order to be safe
etc. will not be enough. I am
not sure if the CN will be
able to pay for this. I am
not sure if the CN will be
able to pay for this.
