Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/28/08

Comments must be submitted by September 30, 2008.

As a mother & a teacher in my area, we wonder how money can take priority over the safety of our children. The impact of the increase in train traffic will significantly endanger our children. Buses are already delayed daily due to the few trains which may be running off schedule. These tracks run along several schools in our area. Students often cross these tracks illegally to find the shortest route home. We have already had several teenage deaths this year on the EJE. How many more deaths would it take to put children over financial interests?

Additionally, the impact on our wildlife and way of life would be tragic. To allow the kind of traffic of CN is proposing, it will be nearly impossible to function as a community.

YOUR INPUT IS IMPORTANT!
