I live by the crossing at 112TH in Frankfort. I have two concerns at this location. First would you consider a road separation at this location. We are next to a grade school. For safety reasons that all patrol and fire stations are on the North side of the train tracks.

Second if this is not available can we have a "Quiet Zone" here. Houses are very close. This is a grade school so no children are driving. A couple of wrecks an hour a night is a lot. Also this location has NO gates currently. It is my understand you would need special gates (none have to be taken down). Also the road is set to be improved anyway so if improvement (changes) have to be made it is perfect timing. All other crossing need major changes. Not here. Also the sidewalks stop at crossing which were to be fixed.

What scoping meeting did you attend? (Please circle): Mundelein, Barrington, Joliet, Matteson, Gary, West Chicago, Chicago.
